Fair Committee Makes Progress.

The executive committee held an interesting session Saturday afternoon at which a scheme of decoration and plans for an agricultural exhibit pavillion were submitted by chairman W. C. Bading of the committee on ways and means, and adopted. The plans insure an attractive and inexpensive setting for the exhibits.

Colonel Ford was appointed a committee to correspond with Hon. Matt Hall, of Saline county with a view to inducing him to visit the fair and address the people sometime during the continuance of the enterprise.

The committee will meet again next Saturday at 2 o'clock.

An Alum Mountain.

One of the recently discovered natural curiosities of China is an "alum mountain," 1,900 feet in height, and about ten miles in circumference at the base. The Chinese quarry the alum, or masses containing alum, in large blocks, which are heated in ovens made for the purpose, and afterwards dis solved in boiling water. The alum then crystallizes in layers.

A Reminder to Mr. Williams,

From the N. Y. Tribune.

Secretary Taft has nearly punctured John Sharp Williams's rhetorical rigmarole about the Declaration of independence and the Filipinos. In his speech at Montpelier the former Governor of the Philippines made this home trust at Mr. Williams: "It is quite remarkable that Mr. Williams should be so sensitive that the Filipinos are not given complete self-government at once, and yet should be willing to represent the Yazoo district in Congress, elected thereto by a vote of 1,463 persons out of a population of 190,-000."

How is a Democratic orator to indulge in irony and sarcasm if he is thus to be reminded of facts? Independence for the Filipino may be a congenial subject for men who do more talking than thinking, but constitutional rights for the negro in Mississippi-that, of course, is a very different thing, not at all suitable to oratory of the Williams type.

Has Sold a Pile of Chamberlain's Cough Remedy.

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I or Clock can't do good work ary more than a sick person. A little skiliful attention now will make it mend it highly.—Joseph McElhiney, good for years of service. An ex-amination will cost you nothing.

Office hours all day. Call at the a cough or cold. It always affords quick relief and is pleasant to take. For sale by City Drug Store.

Why Vandiver Is Called "Pants." Ovid Bell gives in his Fulton Gazette the explanation most favorable to Vandiver, Folk's manager, of the way he got the nickname "Pants." "Mr. Vandiver," writes Editor Bell, "had received a hurry-up call to come home to look after his political interests. Four or five ambitious statesmen in the Fourteenth district were blighting his prospects for being returned to congress, and his friends thought it best for him to be on the ground.

"Mr. Vandiver instructed his secretary, Hal Woodside-who has had charge of the Folk headquarters in St. Louis since last January—to prepare his grip for the journey home, and also, to collect some public documents and frank them to his Missouri address. Time was short, and Woodside worked hurriedly, with the result that the trousers got into the mail sack and some of the documents got into the grip.

"So far as the government was concerned, it was as broad as it was long, and there was no difficulty in explaining to the postoflice inspector who investigated the matter, but the incident gave the fighting congressman a nickname that will last as long as he stays in politics."-Kansas City Journal.

Our policy towards the Philippines is well told in the following extract from Mr. Roosevelt's speech of acceptance: "We have established in the islands a government by Americans assisted by Filipinos. We are steadily striving to transform this into a selfgovernment by the Filipinos assisted by Americans."

THE TANEY COUNTY

UME PIGNIG AND FAIR

THIS EVENT will afford a delightful opportunity to combine pleasure with profit in a manner which will never be forgotten, at a time of year when the fruits of the season's labors have been garnered and a bit of rest and recreation has been earned by all who have carnestly labored with brain or brawn to advance the general welfare. Remember the dates,

October 12, 13, 14, 1904

and be on hands with the whole family, together with any former residents you can induce to be present. The committees are doing everything in their power to make the occasion a success from every point of view, and have reason to expect the hearty co-operation of every citizen who takes pride in his county. One very good way to do this is to bring out semething to show in the "Fair" depart. ment, to stimulate interest in which the committee on exhibits has prepared the following carefully arranged
